

Benefit: Microneedling has time proven anti-aging benefits and is widely practices in the field of aesthetics. The scientific principals are understood; by mildly injuring the skin and underlying dermis, the body's own repair mechanism is stimulated, and enhanced healing takes place. Microneedling increases the production of collagen and other healing factors. Collagen is an essential protein that helps the skin look youthful, with a firm, smooth, and stretchy texture.

Like exercising your muscles, one time is great, but to truly benefit you should employ a routine. Therefore, Aesthetic Solutions is now offering the MMP; bringing a routine to your skin care at an affordable cost.

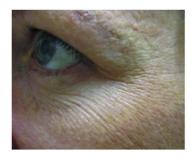

<u>Choose you program:</u> AES offers a 6 or 12 session program. Roughly, the 12-session program provides service each month for 12 months. The 6-session program provides service once every 2 months.

<u>Cost Savings:</u> Based on the 12-treatment membership and compared to the cost of individual treatments and product costs, the savings amount to approximately \$1400, or \$115/treatment. The 6-Treatment membership savings is \$74/treatment.

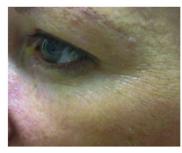

Affordability: AES is not only offering significant savings but also making the program more affordable by invoicing members monthly. In both the 12 and 6-session programs, members are billed each month for 12 consecutive months. For the 12-session program, this is \$295 and for the 6-session program, the fee is \$169.

<u>What to Expect:</u> Microneedling is considered effective in treating minor scarring related to acne, wounds, and aging. You'll likely notice brighter, firmer skin, and an overall refreshed look.
